A WOMAN'S JOURNEY

STEP ONE

A woman is referred to her local Dress for Success when she has completed an employment training program and has a job interview. Dress for Success provides her with a career suit, cosmetics, footwear and accessories - not to mention positive reinforcement and a much-needed boost of confidence. She also has access to our Career Center which provides job search tools, mock interviews and resources.

STEP TWO

When she successfully lands the job, she returns to Dress for Success for additional career-appropriate attire to build her working wardrobe. She also receives an invitation to join the Professional Women's Group, a networking and career development association for Dress for Success clients who have recently entered the workforce.

STEP THREE

Dress for Success's employment retention programs such as Women2Women mentoring, annual career fair, financial literacy seminar series, Retail Careers Training Program and more are available to our clients, all of whom are ready to build their careers.

"Dress for Success has played a salient role in my life. By empowering me to be able to tap into my inner strength, I have found confidence and patience. And financially... I'm getting there too."
